

Advanced ScrumMaster Training

Overview

This is a deep dive course that takes you into some more advanced topics of how to take your ScrumMaster skills to the next level. Participants start by brainstorming many of the real world daily challenges they face as ScrumMasters then we discuss practical ways to address them. This is NOT the entry level ScrumMaster Certification course. The course aims to help new and seasoned ScrumMasters who are transitioning to a ScrumMaster, Agile Coach or Agile Program Manager/Release Manager role learn how to successfully apply Agile methods and lead high performing self-organizing teams. We will cover the key Servant Leadership, Facilitation, and Soft Skills necessary to make this role a success. This is a must have course for team leaders interested in taking their skills to the next level!

- The Agile Values and Principles Refresher
